Dear Vicki and Jim,

This <sup>is</sup> Wednesday and I usually leave here at 9:30 in the morning and go out to Mary's. This morning we are going out to South Center and do some shopping. The rain storm has quit and the sun is coming out now. Sue Lowry accepted the job in Wash. D. C. and will start about the middle of April. She has a girl frind there who needs a room mate so Sue will share an apartment with her. Sue is going to drive out there and she is very excited about the job.

Sandi was due back this morning on the seven o'clock flight. Harold went to the airport to pick her up as Stella had to get Robbie and Rickie ready for school and also take care of Cindy.

The foundation for Jeannies new house has been dug but the forms can't be poured because of all the rain we are having.

Dad is busy at work and they also have another contract for a job in Alaska.

Euthie and Stella and Robbie and Cindy were over yesterday and we looked at old pictures. Cully and Lillian are back from Florida where they have been since December. Gail and Jim will be leaving for Europe the last of this month.

I will stop for now and get ready to go to Mary's.

With Love,

Mom.
